## Education :

- Bachelor Of Engineering – Computer Science & Engineering (2022-2026)  
Vishwakarma Government Engineering College , Ahmedabad CGPA - 8.33
  - Higher Secondary (2022)  
Shree Brahmanand Vidyalaya, Dhrangadhra, Surendranagar Percentage-80.66%
  - Secondary (2020)  
Shree Brahmanand Vidyalaya, Dhrangadhra, Surendranagar Percentage-85.16%
- 

## Technical Skills :

- Programming Languages : C, Python
- Frameworks: NodeJS, ExpressJ
- Databases : MongoDB
- Version control : Git and GitHub
- Other : SQL, Problem Solving

## Core Subjects :

- Database management system
  - Operating system
  - Object oriented programming
  - Data structure and algorithms
- 

## Project :

- **Travel Management**

[Github Repository](#)

**Technologies:** Node.js, MongoDB (Mongoose), EJS, Passport.js, CSS, JavaScript

- Developed a full-stack travel management platform enabling users to explore destinations, create personalized travel plan and share reviews.
- Built secure authentication and session management using Passport.js, with robust RESTful APIs via Node.js and Express.
- Integrated MongoDB with Mongoose for efficient data storage and retrieval.
- Implemented user authentication and authorization using **Passport.js**, allowing secure login and registration with session management.
- Designed dynamic, responsive frontend views using **EJS** templates for displaying travel listings, reviews, and user profiles.

- **Hotel Management System**

**Technologies:** Node.js, Express.js, MongoDB, EJS, HTML, CSS, JavaScript

- Developed a full-stack **Hotel Management System** to streamline hotel operations including room booking, customer management, and service handling.
  - Implemented secure **user authentication and authorization** using session-based login.
  - Designed and managed **RESTful APIs** for handling bookings, customer data, and orders efficiently.
  - Built a responsive **dashboard interface** for managing rooms, reservations, and customer details.
  - Integrated **MongoDB database** for storing and retrieving dynamic hotel data.
  - Applied MVC architecture to maintain clean, scalable, and organized code structure.
  - Improved application usability with a **clean and responsive UI design**.
- 

## Experience :

- I have completed 15 Day internship at Creart Solution Pvt. Ltd., Ahmedabad, gaining hand-on experience in MERN Stack development.
- 

## Language :

- **Gujarati:** Fluent (Advanced)
  - **Hindi:** Fluent (Advanced)
  - **English:** Intermediate (Conversational)
- 

## Activitie :

**Kabaddi sports :** Twice represented Gujrat in state-level Kabaddi khel mahakumbh, demonstrating strong teamwork, strategy, and athletic excellence."
